

## 2. My school

My school is the Calvinist Primary School of Kecskemét. It is located in the city centre, it is an old historic four-storey building. It is for boys and girls from six to fourteen years old.

It has got a swimming pool, a canteen, a science lab, a computer lab, a library, a well- equipped gym and many classrooms of course. Almost in every classroom there is an interactive white board which makes the lessons more interesting. The yard is not too big but there are basketball hoops and street workout equipments there.

I usually go to school on foot or if the weather is bad my mum takes me to school by car.

School starts at 7. 45 and we always have six or seven lessons a day. I'm good at English and Maths so these are my favourite subjects. I'm in class 6 a. My class is specialized in English so I have five English lessons a week, one of them with a native speaker. We also have five P.E. lessons a week . I like Biology and Science too.

School finishes at about 1 or 2 o' clock. I have lunch in the school canteen and after lunch I go home or to afterschool clubs. In the school we can choose from volleyball, basketball, football, floorball, swimming or chess.

I like my school and my classmates very much.

### Questions:

1. Do you have a choir in your school?
2. Do you attend any after school club?
3. Do you wear uniform at your school?
4. What is your gym like?
